About Children's Ground

What is Children's Ground? ^

A bold not-for-profit organisation creating a different future with First Nations children, families and communities experiencing the greatest levels of disadvantage.

Children's Ground works with First Nations communities across Central Australia, and use a First Nations, family-centred education approach.

Where will the funds go? ^

When you donate, you are funding our community-led approach to changing the future for First Nations children.

This is not a one-size-fits-all approach. We work with each child in every community to develop personal learning, health and cultural development plans. We support the families that wrap around that child through flexible employment and community development initiatives.

Your donation will enable these First Nations communities to become places of safety, hope and opportunity.
