TIGERS FC YOUTH DEVELOPMENT PROGRAM

For talented soccer players aged 11 to 13 years

Our Canberra-based National Premier League (NPL) and Capital Premier League (CPL) football club, Tigers FC, has recently launched a new Youth Development Program. We're looking to recruit talented young soccer players between 11 and 13 years of age to join our current Tigers FC squads.

If your child is looking to take their love of football to the next level and play and train with a CPL/NPL pathway club, then Tigers FC is a great choice for your family.

We're currently running Youth Development Program trials and training from 5pm on Monday 6 February at Aranda District Playing Fields 101 and 102 in Banaga Place, Aranda. Ongoing trial sessions will continue each Monday and Thursday after this date at no cost until a decision is made about your child's suitability for the program. Players can start trialling at any session in Term 1, but February sessions are preferred as team spaces may fill up quickly.

If selected to join Tigers FC, your child will be offered a place on the Youth Development Program, which runs until mid-September 2023.

The competitively priced program includes training at Aranda on Mondays and Thursdays from February 2023, and includes several Sunday game days at Hawker synthetic football fields, plus playing (and training) with a Tigers FC team for the entire 2023 winter soccer season.

Players will also receive:

- Top-level training and match day support by two or more coaches in every age group.
- High-quality training from a dedicated Youth Program Technical Director.
- Tailored training from a Goalkeeper Coach and other specialist coaches.
- Ongoing training from 'A' licence and/or senior NPL coaches.
- Full administrative support from a dedicated Youth Coordinator.
- Access to the S2S youth development online program.
- A training shirt for 2023, with more kit prior to the 2023 season.

Tigers FC is committed to providing the best, and best value, football youth development program in the ACT, and we'd love for your family to be a part of it.
