AGILITY // BALANCE \\ COORDINATION // SPEED

Testimonial 1:

"This is what they really need, especially when they are starting. A full hour of the basic skills, because when they are playing matches, it's usually just the fastest kid that gets the ball all the time."

Parent of experienced Player

Testimonial 2:

"We are very grateful for your husband. We tried (another local program) but it's not as organised or as fun as this."

Parent of player new to football.

PROGRAMME FEATURES

At FunCo, we welcome children of all skill levels and backgrounds to join our soccer program. Our 60 minute program is designed to accommodate players of varying skill levels, ensuring that every child feels welcome and supported.

OUR FOCUS

- Developing Agility, Balance, Coordination, & Speed (ABCs) to continue improving fundamental movement skills.
- Improving physical fitness, enhancing coordination and decision-making skills, and the opportunity to learn and enjoy soccer in a safe and supportive environment.
- Improving social skills such as improved confidence, cooperation and teamwork.
- Age and level-specific challenges to EACH PLAYER, according to their development stage.
- We GUARANTEE no more than 6-PLAYERS per year group (Kindergarten -Year 4)
- Introduction players to ALL POSITIONS through small sided games (SSG)
- 1 vs 1 attacking & defending and DECISION MAKING.

Our Programme is run by a FOOTBALL ASSOCIATION LEVEL 2 qualified Coach with 28 years combined experience playing & coaching (semi-professional). We also have 10 years teaching experience in PRIMARY EDUCATION.

We understand children find engaging with new concepts challenging, so all NEW PLAYERS can TRY our program for 2 SESSIONS to see if we are a good-fit for each other.
