

NGUNNAWAL PRIMARY SCHOOL

Fortnightly Focus

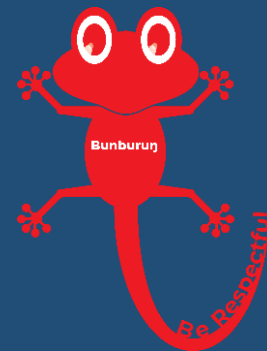

BE RESPECTFUL

- Respect property
- Respect our environment

At NPS we look after our school property and environment. That means, we are careful with how we play on, play with and use our equipment or environments.

Damaging things or making a mess on purpose makes our staff and families sad.

Teachers and Will are looking for students who are being respectful of our school. How will you be respectful of our school this fortnight?
